ME? I'm gonna be an Engineer!

 Yes, son, maybe you uill be an engineer.

Or maybe you'll change your mind and he a school-teacher, or a lawyer, or a farmer.

Whatever you do, one thing is crystal clear. You are growing up in a country that has a future as brilliant as a morning suurise.

Look at the map of Canada. Don't just look at the outlines. Look at the

Oil. Oceans of it. Timber, gold, iron, nickel, copper,

Land—acres upon acres of fertile land.
Cities, towns and villages built round

There are things and people and power

That's the Future for which our young men are fighting. That's the Future worth saving and lending for. That's why you'll buy and hold more and more War Savings Stamps and Certificates, more and more Victory Bonds. That's the way to become a preferred shareholder in "Canada Unlimited".
